

Otto-Lilienthal-Strasse 25

28199 Bremen / Germany

TO WHOM IT MAY CONCERN

“K” Line European Sea Highway Services GmbH hereby confirms, that MAREL Service company has taken part in the installation of scrubber systems on 4 vessels, owned by KESS (type: car carrier, length 148m, capacity 2100 units) as a leading company, responsible for electrical installation.

I can tell, that work has been performed with excellent quality and work has been completed always on time.

I do recommend MAREL Service as a company, that provides highest quality of service, flexibility and ability to react immediately, especially in projects with tight deadlines and high variability.

Captain Hans G. Ackermann
Senior Manager

"K" Line European Sea Highway Services GmbH (KESS)
