TO WHOM IT MAY CONCERN

Oktan Energy & V/L Service Sp. z o.o. confirms, that MAREL Serwis company has performed jobs, connected to electrical installations and automation systems repairs on "HALICZ" and "INKA" vessels. The jobs featured:

- Firefight central diagnosis
- Circuit breakers diagnosis and exchange
- Check and commissioning of main and auxillary engine protection
- Reverse power regulation
- Repair of engine room alarm and monitoring switchboard
- Development and installation of pump automation switchboard

All works has been performed with excellent quality. I can recommend MAREL Service as a company hiring high-class electrical engineers, ready to work in flexible time and providing complex after-sale support.
